

**LIST OF APPROVED CHARTER BUS COMPANIES**

**School Year 2019-2020**

This is a list of the current *motorcoach* companies that have been approved for hire by Birmingham Public Schools for trips as allowed under our transportation services contract.

Except as otherwise notified or approved, all field trips should be submitted to Durham School Services first. As the district provider contracted for the provision of transportation services, they are granted the first opportunity to provide field trip services for your school. If they are unable to fulfill the trip, they will notify you. You may choose to change the date of the trip, alter the trip arrangements or to contact one of these companies to price out their services.

**Only** these companies have met the standards for licensure, insurance, federally mandated drug and alcohol testing and training, and have met the review standards of Birmingham Public Schools Operations. Without regard to who is booking your field trip or making the arrangements, these are the only approved bus companies for use by Birmingham Public Schools.

**These companies have been advised of their status and have been notified that they are not allowed to sub-contract and BPS trip - other than to another company on this list.**
